# BRUSHED NICKEL

Discover the refined beauty and durability of our new brushed nickel finish — a complete range of carefully selected taps, showers, accessories, enclosure profiles, WC buttons, and overflows. Designed for a cohesive, contemporary look, each product combines elegant form with everyday function. With a

soft metallic sheen that resists fingerprints and water spots, brushed nickel is as practical as it is stylish. It complements both modern and classic interiors, bringing subtle sophistication to every detail. Whether you're building new or refreshing your space, this collection ties it all together — beautifully.
