Wall & Ceiling Panels Acoustic Wall Panels Luxury Vinyl Flooring

September 2026

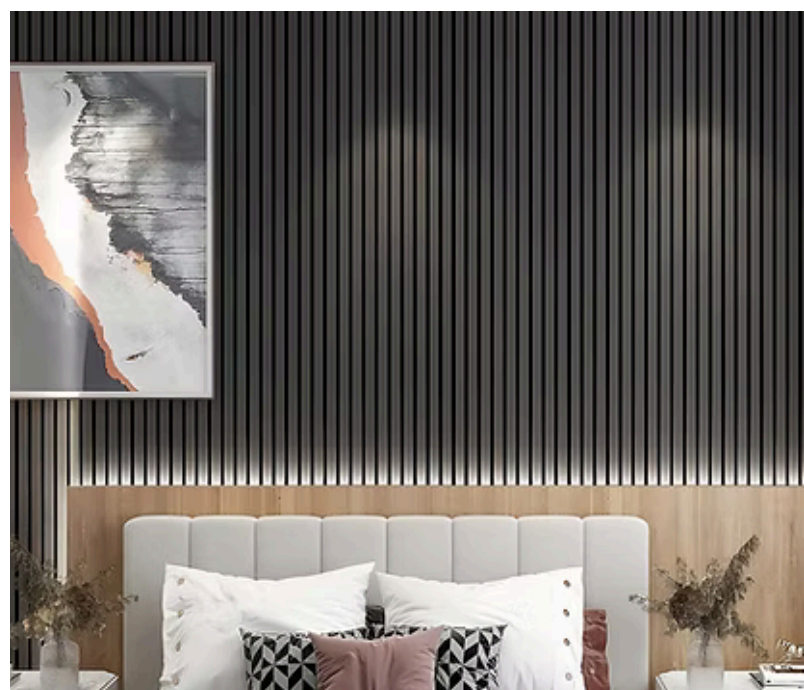

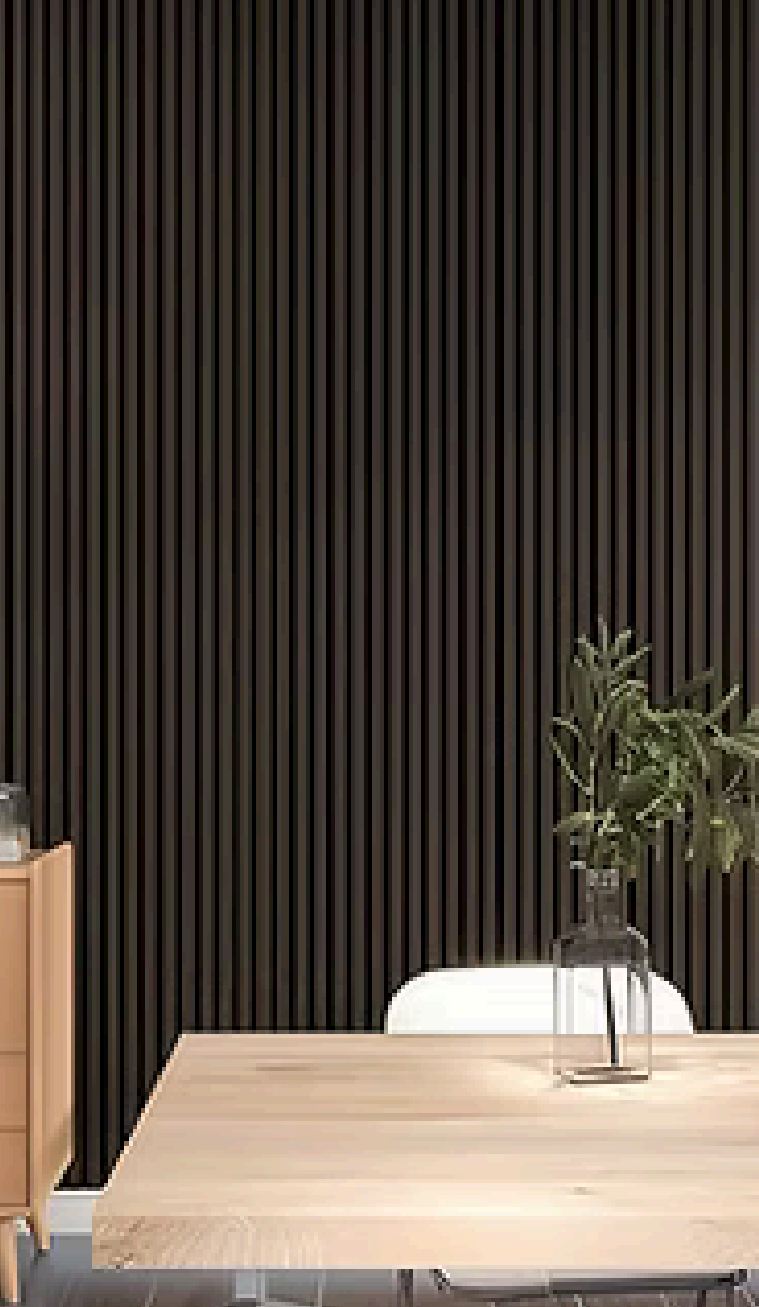

Silver Retro Metallic 10mm

Why Loughshore?

Our premium range of high-performance interior decorative cladding is the perfect choice for any room in your home, with a special focus on bathrooms, wet rooms, and shower enclosures.

Whether you're aiming to create a serene, tranquil atmosphere or a bold, contemporary statement, the Loughshore collection offers a style to suit every vision.

Available in a variety of widths and lengths, our panels are not only aesthetically stunning but also practical, with installation being at least 50% faster and more cost-effective than traditional tiles. The process is incredibly easy, delivering a seamless finish while eliminating the risk of mould formation.

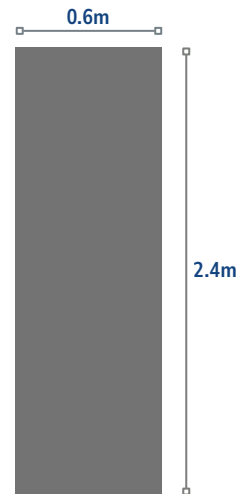

Acoustic Wall Panels

Loughshores' range of acoustic panelling seamlessly blends form and function, delivering striking, modern interior aesthetics alongside impressive acoustic performance.

These decorative panels feature a bold 3D slatted design that not only looks exceptional but also provides genuine sound-proofing benefits—absorbing excess noise and reducing echo to create a calmer, more comfortable living environment.

Available in packs of two and designed for easy installation, each panel measures 600 × 2,400mm and comes in a curated selection of contemporary wood finishes, making it easy to find the perfect match for your space.

Transform your walls into a statement feature—beautiful to look at, smart enough to hear the difference.

PVC 8mm Wall & Ceiling Panels

Loughshore 8mm wall and ceiling panels offer a stylish alternative to classic marble or stone tiles, while putting an end to common issues such as black mould and condensation.

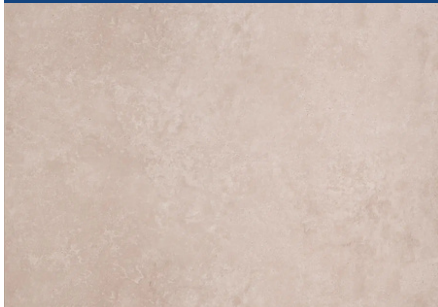

Designed for ease of installation, these panels are available in a wide range of colours and patterns, allowing you to create striking visual effects and a space that's as individual as you are.

The 8mm panels are supplied in packs of four, carefully curated for pattern continuity, with each pack providing coverage of 2.6m².

Cleaning & Maintenance

Keeping your Wetwall panels looking their best is quick and easy.

For everyday cleaning, simply use warm water, a mild soap, and a soft cloth. A non-scratch liquid cleaner can also be used if needed. For best results, rinse the panels after each use and remove excess water with a squeegee or soft cloth. Wiping the surface regularly helps prevent the build-up of residue and limescale. To achieve a flawless, streak-free finish, buff the panels dry with a high-quality microfiber cloth.

Take extra care around areas of exposed sealant. These should be wiped clean regularly to prevent dirt accumulation, which in some cases may encourage mould or fungal growth.

Important Care Advice

- **Never** use abrasive cleaners.
- **Avoid “wash and go”** products, as some contain high levels of acid that can cause discolouration or surface damage over time.
- **Do not** allow paint stripper, nail varnish remover, spirits, dry-cleaning agents, WC cleaners, or bleach to come into contact with the panel surface.

With the right care, your Wetwall panels will retain their sleek appearance for years to come.

Maintenance & Protection Guide

Maintenance

- Sweep or vacuum regularly to remove loose dirt and grit.
- Clean the floor using a properly diluted, non-abrasive cleaner with cool water.
- Rinse thoroughly with clean water, remove any excess moisture, and allow the floor to dry fully.
- **Do not** use steam mops or abrasive cleaners

Protection

- **Do not** expose Oak Legends flooring to temperatures above 60°C.
- Avoid oil- or petroleum-based products, as these may cause surface staining.
- Furniture fitted with castors should use wide rubber castors to reduce the risk of floor damage.
- Ball-type castors are not recommended.
- For optimal installation, use the instructions contained in the box alongside a dead blow hammer to minimise damage to flooring.
- Use protective, non-staining mats beneath office chairs, heavy furniture, and appliances.
- Apply felt pads to the underside of furniture legs to help prevent scratching.
- Place door mats at entrances to minimise dirt and grit being tracked onto the floor.

Underfloor Heating

Oak Legends flooring is not compatible with all types of underfloor heating systems.

Please consult prior to installation, as failure to do so **may affect your warranty**.
