Cleaning Care & Dimensions

Cleaning Care

Wetwall panels can be cleaned by using normal soap, water and a soft cloth. Alternatively a non-scratch liquid cleaner can also be used.

On a day-to-day basis or after every use, it is best to rinse the panels and then clean off the excess water with a squeegee or a soft cloth. Wiping down the surface after every use will help to prevent the build-up of residue and limescale. Finally, to achieve the sought-after streak free finish, remove any remaining water using a high quality microfibre cloth. Extra care should be taken in areas of exposed sealant, these should be wiped clean to prevent the build-up of dirt which, in certain cases, may promote mould/fungus growth.

Abrasive cleaners should **NEVER** be used. The use of “wash and go” cleaners should also be avoided as some have a high acidic content which, over time can cause discoloration or damage to the surface of the panels. **DO NOT** allow paint stripper, nail varnish, spirits, dry cleaning agents, W.C, cleaners or bleach to come in to contact with the panel surface.

Maintenance & Protection Guide

Maintenance

Sweep and/or vacuum the floor to remove all loose dirt and grit.

Mop the floor using a properly diluted non-abrasive cleaner in cool water

Rinse the floor thoroughly with clean water, remove any excess and allow it to dry

Protection

DO NOT expose your Oak Legends flooring to temperatures exceeding 60c

DO NOT use Oil or petroleum-based products as these can result in surface staining.

Furniture with castors should have wide, rubber castors to avoid damaging the floor.

DO NOT use ball type castors as they can damage the floor.

Protective & non-staining mats are required under office chairs, heavy furniture and appliances.

Apply felt pads to the underside of furniture legs/feet to prevent scratching the floor

Use door mats at entrances to prevent dirt and grit from being tracked on to the floor.

UNDER FLOOR HEATING

OAK LEGENDS flooring is not compatible with ALL types of under flooring heating. Please consult prior to installation as failure to do so may invalidate your warranty.

**DO NOT USE
STEAM MOPS
OR ABRASIVE
CLEANERS**
